

The Furniture Technology Centre is a Forest Industries Education and Training Authority (FIETA) accredited vocational skills training provider for the furniture and wood products industries. We are registered with the Department of Education as a private Further Education and Training College. We offer learnerships, skills programmes and short courses at NQF levels 2 – 4 in:

- Cabinet making
- Wood machining
- Wood finishing
- Upholstery
- AutoCAD
- CNC programming and operating (we are the only training centre with a Biesse Rover and a 5-axis SCM machining centre)
- Making wooden windows and doors
- Making built in cupboards
- Making and installing kitchens
- Shop fitting
- Coffin making
- Assessor training

For more information please contact the National Training Manager, Joy Crane on 082-3300777 or the Johannesburg Centre Manager, Mpho Luse, at:
